Who Should Attend?

The primary audience for this course is SharePoint System Administrators, SharePoint Application Administrators and SharePoint Architects who are responsible for deploying and managing SharePoint solutions that incorporate Synergy's Replicator for SharePoint. In addition, Windows System Administrators, SQL Server Database Administrators and Network Administrators will also benefit from this course.

Prerequisites

Before attending this course, students must have:

- Experience in installing, configuring, managing and supporting Windows SharePoint Services 3.0 or Microsoft Office SharePoint Server 2007
- Experience in implementing, managing and supporting Internet Information Server (IIS 6 or IIS 7)
- Working knowledge of SQL Server 2005 or SQL Server 2008
- Working knowledge of Windows Server 2003 or Windows Server 2008
- Working knowledge of TCP/IP networks including DNS (Domain Name System)
- Working knowledge of Synergy Replicator

Performance Objectives

Upon successful completion of this course, students will have the knowledge and understanding to plan, install and configure Synergy's Replicator for SharePoint in a variety of scenarios. In addition, they will be knowledgeable in the configuration, maintenance and monitoring of replication maps, replication event and package processing and overall Synergy Replicator operation.

Certificate of Achievement

Each student will receive a certificate confirming their attendance in this course.

Customized Course Offerings

Synergy Replicator for SharePoint training courses are designed in a modular fashion to enable customized versions of the course to be delivered on request. Contact your Synergy salesperson for details and pricing.

Classroom and Online Training

Currently, Synergy's Replicator for SharePoint training courses are offered as instructor-led courses in a classroom environment at either a public training facility or on-site at your location. Online delivery of these courses will be available later in 2010.

Microsoft SharePoint 2010 Courses

Course offerings for Synergy Replicator 4.0 for SharePoint will be available soon after Microsoft SharePoint 2010 is released. If you are interested in becoming a beta customer for Synergy Replicator 4.0 for SharePoint, contact your Synergy salesperson for details and pricing.
